# TEMPORARY CLOSURE

---

Dear Customers & Students,

It is with great regret that, in the light of current advice and for the protection of all my staff and you the public, I have decided to temporarily close the Shop for both personal visits, and Jewellery School for classes.

We will still be working here behind the scenes as well as taking orders both over the phone and online. We are also still taking orders for commissions, so have a method in place for conducting appointments over the phone or via email.

We shall try our very best to keep all of our lovely customers updated with developments through both our website and social media, and of course look forward to welcoming you all back once the current crisis has passed and the world has returned to normal.

As a small business, myself and the team really appreciate your support at this uncertain time.

With Best Wishes, Rachel Jeffrey

VI: 23.3.2020
